Foundations of WFG Decisions

- Successful waterfronts are welcoming to all
- Bellingham Bay is part of larger natural systems
- Jobs of the future will help shape waterfront redevelopment
- Sustainability is a cornerstone for all future waterfront work
- Education, training and apprenticeships increase our human capital and workforce capacity

Foundations of WFG Decisions

- Fishing and food from the sea, deep water access, and shallow draft marine access will continue to be a significant part of our area's heritage, economy, and culture
- Waterfront redevelopment will require a significant public investment
- Waterfront redevelopment and in some cases public ownership acts as a catalyst for private reinvestment
- The "best" of our waterfront is reserved for the benefit of our entire community

Foundations of WFG Decisions

- Our waterfront assets are many and diverse allowing us balanced development over time with a wide variety of purposes
- Create continuous public access along the entire shoreline
- As part of Bellingham's evolving economy, make provisions for industries moving off the waterfront
- Explore innovative approaches to cleanup of upland and in-water contamination
