Vessel Information

Berth Length(s): _____ Vessel Length Overall: _____ Beam: _____

Vessel Type: _____ Make: _____ Model: _____

Currently Own Future Purchase

Comments: _____

This form is not a completed application without payment. If submitting by mail, please include a check. If submitting electronically, harbor staff will contact you for payment.

Each application for the waiting list will be assessed a \$100.00 non-refundable fee. Applicants will be billed a non-refundable \$35.00 annual fee based on the month of the application anniversary. Failure to pay the \$35.00 annual fee will result in applicant's removal from the Moorage Waiting List.

It is the Port's policy to process the waiting list by date of application, with the earliest date receiving first consideration. Moorage is assigned in that order with consideration given to the overall length, beam, and operating characteristics of the vessel. Applicants may only decline a slip 2 times, upon a 3rd decline the applicant will be removed from the waitlist. Customers may request to be removed from the list at any time. When an applicant cannot be contacted within ten (10) days of the date moorage is offered, this will be considered a "decline" of the slip.

Applicants are responsible for keeping the Port advised of their current mailing address and telephone number. Applicants are responsible for appropriately representing their vessel's length and beam. Moorage offers may be withdrawn from customers who provide inaccurate vessel information. It is also the responsibility of the applicant to provide the Port with an alternate contact in the event moorage becomes available and the applicant cannot be reached at the address or telephone number on the application.

This application does not guarantee liveaboard moorage or place you on the liveaboard waiting list.
